

REDISCOVERING THE T WITH THE MBTA MOBILITY CENTER

Tue, August 29 at 1:15 p.m.

MBTA's Rediscovering the T provides an opportunity to explore an out of service MBTA bus (while parked), learn about accessibility improvements on the T, reduced fare options, how to ask for assistance and other transportation options. The session will begin on the MBTA bus, parked outside, before continuing to a presentation and Q&A portion inside the center. Linda Shepard Salzer has been a travel trainer in the Boston area for a decade. Please call 617-993-2970 to register.
